

Science Quiz Competition

The Interhouse science Quiz Competition was held on 21st September, 2016 in the school hall. The event witnessed enthusiastic preparation and participation. Mrs. Shukla and Mrs. Gonsalves were the co-ordinators for the event.

The format of the quiz entailed four rounds for each house, wherein the final round was the experiment round, which was enjoyed the most by the students. Although the teams participated actively, the team that scored the highest was “Rose House”.

Our school encourages positive competition and hopes to bring out the best in all its students through such competitive events.
